GENERAL FINANCIAL INFORMATION

Payments

Students will be sent a batten bill (invoice) prior to the start of each term, and payment is due by the end of Week 1 each term.

All students are required to pay fees for the full year by the end of Week 1 in Michaelmas term; overseas students and graduate students however should pay their fees by 11th September 2020.

Accommodation and meal charges, if relevant, are batted (invoiced) termly.

The University reserves the right to exclude students who fail to pay their fees on time from its premises and facilities.

US and Canadian loans

US federal student loans are administered centrally by the US Loans team. The University of Oxford is eligible to certify loan applications for the Direct Loan Program. US students wishing to take out a federal student loan must read through the information pages on the University website before starting the application process.

Further information for undergraduates on American loans is available here and for Canadian loans here.

Students with Children or Dependents

If you have dependants (a partner or a child) or live with other family members, you will need to take into consideration the increased costs of childcare provision, food, clothing etc. More information and advice is available from the living costs page. A number of additional sources of childcare funding are available, for further details visit this website.
Students with Disabilities

Students with disabilities should contact the University’s Disability Advisory Service for information on any funding available. Contact details and more information about the provisions and facilities for students with disabilities can be found on the University website.

Visiting Students

The standard arrangement for students from US institutions is for fees to be settled directly by your home College or University. You should confirm this arrangement with your home College or University. Students from the University of Hong Kong and Oxford Prospects will be billed directly for their fees at the start of the year; please contact Kirstie Morris if you would like to arrange to pay in termly instalments instead.

For students from Cornell, Duke, Georgetown, George Washington Haverford, Illinois Wesleyan and Tufts, charges for your room for the entirety of your course are also settled directly by your home College or University. All other students are required to pay the charges for your room for the year directly to Pembroke College and will be billed at the start of every term.

The cost of all meals is payable directly by you. Dinners are payable termly at the start of each term (cost £336.60 per term). For full details please refer to the “Living in Oxford” section.
